The SeaVerse is a world where Artists can build, own, and monetize their assets and virtual experiences on the Fantom Opera Network. Customize your avatar, create items, and monetize your unique items through NFTs.

We empower artists and creators to build the platform they always envisioned, providing the means to unleash your creativity and earn income.

Display your Art in an interactive gallery, trade digital goods and play games in the SeaVerse!

Our platform allows you to build extra experiences with your NFTs by collecting, displaying and interacting with NFTs in a shared space as well as buying and selling land parcels and wearables!
